A3, 2nd Floor, United Square Apartments, Block-14, Gulistan-e-Johar.

Personal Statement

I am a student of computer science, currently I am in 7th semester in BBSUL and also a learner at Saylani Mass IT. I am seeking for an opportunity to prove and learn to be a best React JS developer, I am looking for an internship so that I can use my skills to benefit the company and learn from the them as well. I acquire good programming, communication, critical thinking, problem-solving and time management skills.
